SAHARA MOTORS GROUP

The 2025 Toyota Hilux Double Cab Pickup DLX-G is a robust 4WD vehicle designed to provide exceptional power, durability, and comfort. Under the hood, it features a 2.4L 4-cylinder diesel engine that delivers 147 horsepower at 3,600 RPM and a peak torque of 40.7 kg·m at 1,600-2,000 RPM. This powertrain is coupled with a 6-speed manual transmission and a 4x4 drive system, making it ideal for both city commutes and off-road adventures. The vehicle adheres to Euro 4 emission standards and boasts an 80-liter fuel tank, ensuring long-distance capability. The Hilux is equipped with a heavy-duty suspension system, featuring independent front suspension (IFS) coils and a rigid leaf rear setup, offering a smooth ride on varying terrains.

On the inside, the Toyota Hilux offers seating for six, ensuring plenty of space for passengers and cargo. The front seats feature a sliding and reclining function, providing comfort during long trips. The interior is equipped with a manual air conditioning system, power windows (with auto down for the driver), and a user-friendly urethane steering wheel with controls for audio and telephone. Additional features include a dual-airbag system, vehicle stability control, hill assist control, and an anti-theft immobilizer system, all of which contribute to the vehicle's overall safety. A USB charger, blind spot monitor (LHD), and steering column tilt-lock further enhance convenience.

The exterior of the 2025 Hilux maintains a sturdy and stylish design, highlighted by chrome-colored door handles, a chrome radiator grille, and a polycarbonate front bumper. The vehicle also features durable 225/70R17C all-terrain steel tires, making it ready for rugged terrains. Its safety features include front and rear mudguards, a rear fog lamp, and chrome electric side mirrors with turn lamps. Other practical aspects include a towing hook, steel step rear bumper, and halogen headlamps, ensuring functionality and visibility in all conditions. This combination of features makes the Hilux a reliable choice for those seeking power, safety, and utility in a pickup truck.
