# SAHARA MOTORS GROUP

The 2025 Toyota HiAce High Roof is a highly adaptable and spacious 13-seater van, perfect for various transport needs, whether for families, businesses, or shuttle services. Powered by a robust 2.8L diesel engine paired with a manual transmission, this model is designed to deliver both performance and fuel efficiency, ensuring that long journeys are not only possible but economical. The high roof design significantly enhances interior space, providing ample headroom and a comfortable environment for all passengers.

The 2025 Toyota HiAce High Roof features a powerful 1GD-FTV 2.8L diesel engine, delivering 174 horsepower at 3,400 RPM. It is equipped with a 6-speed manual transmission for an engaging driving experience. The van boasts a fuel tank capacity of 65 litres, making it suitable for long journeys. With seating for 13 passengers, it ensures ample space for families and groups. The vehicle is fitted with 235/65R 16C steel tyres for durability and stability. The steering column is manual and tilt-adjustable, complemented by power steering for ease of handling. The steering wheel features a 4-spoke urethane design, enhancing both comfort and control while driving.

Inside, the HiAce offers a thoughtfully designed cabin that prioritizes passenger comfort, with generous legroom and easy access to seating. The van is equipped with modern safety features, including multiple airbags, stability control, and advanced braking systems, ensuring peace of mind during travel. Additionally, the infotainment system includes various connectivity options, allowing passengers to enjoy entertainment and stay connected on the go. The HiAce's versatility extends to its cargo capacity, making it an excellent choice for transporting luggage, equipment, or goods. Built with durability in mind, this model can withstand the rigors of daily use while maintaining performance and reliability. Overall, the 2025 Toyota HiAce High Roof stands out as a practical and dependable vehicle, making it an ideal solution for those needing a spacious and efficient transport option.
