# SAHARA MOTORS GROUP

The 2025 Toyota Land Cruiser 71 Hardtop SDLX is a remarkable vehicle that combines rugged capability with modern features, making it an ideal choice for both off-road adventures and everyday driving. At the heart of this model is a powerful 4.0L V6 petrol engine, equipped with Variable Valve Timing with intelligence (VVT-i). This engine generates a robust 228 horsepower at 5,200 RPM and delivers a maximum torque of 360 Nm at 3,800 RPM. Coupled with a 6-speed automatic transmission, the Land Cruiser 71 ensures smooth acceleration and responsiveness across various terrains. With a fuel tank capacity of 90 Liters and a fuel economy of 8.0 km/L, this vehicle is designed for long journeys, providing drivers with the range needed to explore both urban and remote locations with confidence.

The exterior of the Land Cruiser 71 is designed to reflect both strength and functionality. It features 16-inch alloy wheels paired with 265/70R16 tires, offering excellent traction and stability. The vehicle is equipped with an electrical winch and a robust black front bumper, enhancing its off-road capabilities. Notable exterior elements include LED headlamps, LED daytime running lights, and front fog lamps, ensuring visibility in all conditions. The power side-view mirrors and over fenders add to the vehicle's practicality, while the heritage emblem on the front fender pays homage to the Land Cruiser legacy. The thoughtful design extends to mud guards, a spare wheel cover, and a side step, all contributing to the Land Cruiser's rugged appearance and functionality. The vehicle is equipped with a 9-inch display audio touch screen that supports wireless Apple CarPlay, providing seamless connectivity for music and navigation.

Inside the Land Cruiser 71, the focus is on comfort and convenience. The cabin is fitted with high-quality leather seats, accommodating up to five passengers, including the driver. The front seats are designed for comfort, while the manual air conditioning system ensures a pleasant driving environment. A distinctive wood grain effect on the dashboard complements the leather-wrapped steering wheel, which features controls for added convenience. Safety features are abundant, including remote central locking, a rear camera, and a suite of advanced safety technologies under Toyota Safety Sense, such as the Pre-Collision System (PCS) and Lane Departure Alert (LDA), ensuring peace of mind for drivers and passengers alike. Overall, the Land Cruiser 71 Hardtop SDLX is a vehicle that expertly balances performance, safety, and comfort, making it a standout choice in its class.

The image shows the front interior of a Toyota SUV. The dashboard is a light tan color with a central 9-inch touchscreen display. The steering wheel is leather-wrapped and has multiple control buttons. The instrument cluster behind the steering wheel is a digital display. The center console has an automatic transmission shifter. The seats are upholstered in a light tan leather. There are four callout boxes with red arrows pointing to specific features: the instrument cluster, the central display, the steering wheel, and the transmission shifter.
